Grimes County Treasurer - Tom Maynard (JF)

10. Discuss and approve engaging Patillo, Brown and Hill, CPA's to correct W-2 Statements for approximately twenty employees and file amended reports associated with these and authorize the County Judge as signatory for the engagement letter.
Grimes County Treasurer Tom Maynard: Several employees who were coded wrong into the system during initial sign up, where their benefits were done post tax instead of pre tax. Best count for the past year is 21 but according to HR there may be some that go back 2-3 years. Mr Maynard suggests to engage Patillo, Brown and Hill, CPA's, to calculate what they should have been and to adjust our 941 filings. The effect on the employees is that it overstates their earned income. They will need the W-2C's to be prepared accurately. Mr Maynard did receive an engagement letter and forwarded it to the County Attorney. Estimated cost to have corrections made would be approximately \$2500. Commissioner Cox inquired if all employees affected have been notified.
Motion by Phillip Cox to Approve to engage Patillo, Brown and Hill, CPA's to correct W-2 Statements for approximately 20 employees and file amended reports associated with these with changes made by the County Attorney and moving forward. Seconded by Michael Raska.

Grimes County Elections Administrator - Rachel Walker (JF)

11. Consider and take action to approve the purchase of five (5) tables for use in the Election Storage Warehouse using Surplus Election Contract Funds.
Grimes County Elections Administrator Rachel Walker: Need to purchase tables to put in the warehouse

mainly for machine programming. Put several tables together to line up all of the machines. 5 tables from U-Line is \$1750 plus \$126 shipping. Total cost is \$1875.68. Use money from surplus fund. County Auditor Jessi Murphy asked if this was budgeted in fund 55 or is this amending the budget taking it from reserves? She also stated there is \$3000 budgeted in Fund 55 for machinery and equipment. Motion by Chad Mallett to Approve the purchase of five (5) tables for use in the Election storage warehouse using funds from Fund 55. Seconded by Phillip Cox.

12. Consider and take action to approve the Election Department as the official Courthouse Event Coordinator, responsible for the scheduling and coordination of all courthouse events.
Grimes County Elections Administrator Rachel Walker: This agenda item stems from some events overlapping at the Courthouse while elections are taking place. No communication with her office. One event actually took place while the polls were open. To avoid this in the future, Ms Walker is requesting to streamline this, that one office which is housed in the Courthouse be responsible for scheduling and coordinating all events that take place at the Courthouse. This will centralize all communication through the Elections office.
Motion by Joe Fauth to Approve the Election Department as the official Courthouse Event Coordinator, responsible for the scheduling and coordination of all courthouse events. Seconded by Michael Raska.
Before the vote, further discussion: Commissioner David Tullos asked Ms. Walker if the process would change for events that are already scheduled, such as the availability of the key. Mr Tullos stated that the Historical Commission has a conference scheduled for October 2025. Ms Walker stated that all events already on the books will not change as long as they do not interfere with voting machines being in the building. Mr Tullos was not sure of the actual date in October, but he will ask Ms Wells, from the Historical Commission, to contact Ms Walker. Early voting for the November election starts October 19th.

14. Discuss and take action to increase the rental fee for the Grimes County Expo and Fairgrounds Barns, with the new rate to apply to all rental agreements executed on or after the date of approval.
Grimes County Facilities Director Rodney Floyd: Twice a year there is a review of rental fees for the Fairgrounds to make sure costs are covered. Also, to make sure Grimes County is competitive with Expo centers from surrounding counties. The Show Barn rental fees are slightly low for the extra effort it takes to get the grounds back to normal. Suggested fee is \$700 with a \$500 deposit. The previous fee was \$500. This increase will put Grimes County in the middle of surrounding counties, whose fees range from \$600–\$800.
Motion by Phillip Cox to Approve recommended increase in rental fees for the Grimes County Expo and Fairgrounds Barns to \$700 with a \$500 deposit, with the new rate to apply to all rental agreements expected on or after the date of approval. Seconded by Michael Raska.

Grimes County Engineer - Jon Steiber (JF/CM)

15. Discuss and take action to approve a professional services agreement with Bleyl Engineering for private development permit application reviews, no cost to Grimes County.
- Grimes County Engineer Jon Steiber: This is a contract similar to the drainage and fire code contracts, where the Developer pays fees and the Consultant reviews plans and any other part of the application necessary. Not at the point to have this in place yet, but when it gets hectic and busy there will be a Consultant on board. Bleyl also works for the City of Navasota, so they are aware of the County regulations. Judge Fauth asked what it is they want to do? Mr Steiber stated they will review plans for permits for private development and new construction. Before the vote on the motion to approve, Judge Fauth asked the County Attorney, Megan Barcak, if there was further discussion. Ms Barcak stated there was one thing she wanted to be changed on their attachment to our Professional Services Agreement, our normal standard and what is required by statute for a 30-day time period for payment. However, in their attachment they shortened it to 15 days and, after 30 days, fees will be assessed. Ms Barcak would like for their attachment and our contract to be the same. That is the requested change from the County Attorney. Mr Steiber is aware of the change and will have the contract amended. Judge Fauth asked if the County is paying the invoice and being reimbursed or is Bleyl paying? Mr Steiber stated that the developer pays into an account that we pay the Consultant out of.
- Motion by Chad Mallett to Approve a professional services agreement with Bleyl Engineering for private development permit application review and include the recommended changes requested by the County Attorney and authorize the County Judge as signatory. Seconded by Phillip Cox.

16. Discuss and take action to approve a professional services contract with Huitt-Zollars, Inc. for design of the County Road 102 bridge over Navasota River Relief, Texas GLO Disaster Recovery Reallocation Program (DRRP), Precinct 1.
- Grimes County Engineer Jon Steiber: The grant application for this project has been going on for approximately 3 years. The project involves repairing 2 bridges on County Road 102 coming across the Navasota River. There will only be 1 bridge repaired as the cost to repair both was too high. This is for the engineering contract to design the one bridge being repaired. Of the \$91,429, approximately \$40,000 will be covered by the grant and approximately \$51,000 would have to be covered by the County. The Road Department will be able to pay for the work to be done from this years existing budget. Requesting the rest of the funds for the engineering fee in next fiscal year's budget.
- Motion by Chad Mallett to approve a professional services contract with Huitt-Zollars, Inc. for design of the County Road 102 bridge over Navasota River Relief, Texas GLO Disaster Recovery Reallocation Program (DRRP) Precinct 1. Seconded by Michael Raska.
