#### **Texas A&M AgriLife Extension Agent - Matthew Pfeifer (JF)**

11. Discuss and take action to allow Matthew Pfeifer to use his county credit card for travel-related expenses to accept a national award being presented at the National County Agent Conference in Denver, CO in July.  
Texas A&M AgriLife Extension Agent Matthew Pfeifer: As Ag Agents, they are expected to belong to a number of professional associations. Mr Pfeifer belongs to the 4-H Agent Association and TCAAA (Texas

County Ag Agents Association). We have District, State and National level memberships with each of those. The purpose of the Associations is for professional development. Twice annually have trips throughout the State and a State conference. The purpose of this trip is to attend the National meeting and receive the Achievement Award. This award is given to individuals with at least 5 but less than 10 years of service. Each of the 12 districts within the state can submit up to 2 nominees. Mr Pfeifer was one of the representatives from District 9. He is requesting to basically use the County credit card the same as travel within the State, for use of rooms and travel. Judge Fauth stated that according to County policy, before the credit card can be used out of state, it must be brought before Commissioners Court.

Motion by Phillip Cox to Approve to allow Matthew Pfeifer to use his county credit card for out-of-state travel. Seconded by Michael Raska.

**In Favor: 5**

**Opposed: 0**

**Motion**

#### **Grimes County Treasurer - Tom Maynard (JF)**

12. Consider and take action to increase the Treasurer's Travel & Conferences budget for upcoming conferences. Grimes County Treasurer Tom Maynard: Mr Maynard stated that in years past, he has normally had excess in his travel/conference fund, but this year he has fallen short. Part of the reason is that his 2 employees attended a conference in September 2025, but payment fell into this budget year. Mr. Maynard is requesting an additional \$1000 be added to his travel/conference budget.

Motion by Joe Fauth to Approve a line item transfer out of 424 Contingency for \$1000 to be transferred over to the Treasurers Dept once the bills are submitted so they can be paid and giving the County Auditor to make those adjustments. Seconded by Phillip Cox.

**In Favor: 5**

**Opposed: 0**

**Motion Passed**

#### **Grimes County Constable Precinct 1 - James Ellis (CM)**

13. Discuss and take action to replace Constable Pct 1 mobile radio.

Grimes County Constable Precinct 1 James Ellis: Background for his request: In 2023, at that time, Constable Schaper was involved in an on-duty auto accident. Another patrol unit was purchased, which Constable Ellis is currently driving. The equipment that was in the old patrol unit is in Constable Ellis' patrol car. In December 2025, Emergency Management Coordinator Dione Bumpous emailed Constable Ellis concerning BVWAC switching to basically encrypting all law enforcement radios within the Brazos Valley. Constable Ellis brought his patrol unit to Ms. Bumpous, where she attempted to encrypt his radio but realized she did not have the necessary equipment to do so. After research discovered this particular radio was manufactured in 1991, therefore were not able to upgrade and encrypt those channels. Constable Ellis tried to outsource as much as he could, without coming before Court. He asked Chief Deputy Martha Smith if the Sheriffs Dept had any radios, which they did not. He reached out to Sargeant Dominguez with DPS, they could donate, which they did not. Ms Crenshaw and Ms Bumpous went through the process for a grant from BVCOG which is still pending. The reason this is now being expedited is that the Sheriffs Office and Dispatch have officially switched over to the fully encrypted channels. This leaves Constable Ellis without comes in his patrol unit. He does have a hand-held radio from last year, but cannot continue to run patrol with only the hand-held radio. Total needed \$6,695.44. Commissioner Chad Mallet asked County Auditor Jessi Murphy for the balance in the 424 Contingency fund. She stated there is approximately \$100,000 but have yet to do the amendment for Road Dept from the clean up. Waiting on the invoices. This should leave approximately \$90,000.

Motion by Chad Mallett to Approve to move funds from 424 Contingency to Constable James Ellis budget to purchase in car radio. Seconded by David Tullos.

Before the vote, Ms Murphy asked that the grant be rewritten, requesting 2 radios instead of 3 on the original grant proposal.

**Grimes County Sheriff's Office - Chief Deputy Martha Smith (JF)**

14. Consider and take action regarding the installation of a GPS tracking device in a Texas Parks and Wildlife Game Warden vehicle operating within the county for officer safety and coordination purposes.  
Grimes County Sheriff's Office Chief Deputy Martha Smith: Request from the Texas Parks and Wildlife Game Warden Drew Stewart, does a lot of investigations and patrolling with our Deputies. He has requested and received permission from his Captain that a GPS tracking device be installed in his vehicle. So Dispatch can monitor where he is located. This would be an extra device the Sheriffs Dept has with the additional cost would be the monthly service.  
Motion by Joe Fauth to Approve to allow the Samsara GPS tracking device to be placed in the Texas Parks and Wildlife Game Warden's vehicle Seconded by Michael Raska.

**Grimes County Facilities Director - Rodney Floyd (PC)**

15. Consideration and possible action to approve the use of the Lions Club Building by the Grimes County Master Gardeners for regularly scheduled meetings and determine fee schedule.  
Grimes County Facilities Director Rodney Floyd: The Master Gardners reached out to Judge Fauth concerning issues of the Annex, facilitating their monthly meetings. It was brought up that the Fairgrounds might be a more suitable place to hold meetings. Commissioner Mallett asked which building would be the best fit. Mr Floyd stated that it would go back and forth due to scheduling, but as of now, the Lions Club building would be the best option, but with the understanding their meeting could be moved or canceled if there is a paid rental. Judge Fauth asked Mr Floyd if he had an idea of how much the fee should be. He stated there is very little clean up after a meeting as long as there is not a meal served. There was not a fee to use the Annex. Also, some of the issues using the Annex was that the Master Gardners group had grown in size, so holding a meeting there while Judge Laughlin was trying to hold court was becoming a problem.  
Motion by Joe Fauth to Approve the Lions Club building for use by the Grimes County Master Gardners to be scheduled through the Fairground Facilites office and waive fees until. Mr Floyd brings it back to Commissioners Courts attention if it becomes an issue. Seconded by Phillip Cox.

**Grimes County Engineer - Jon Steiber (JF)**

16. Road Department Report.  
Grimes County Engineer Jon Steiber: Had to remove a very large bee hive from a construction site. Tablets are being set up at the County barns for the mechanics to enter information about the work they are doing on vehicles which supports life cycle planning for vehicles. Now, instead of writing a ticket and entering it into the system, the parts used, the amount of hours, the work being done and cost associated with the repairs on the vehicle or equipment can be recorded directly into the system for better tracking of maintenance. Road projects: waiting for a couple of dry days to be able to chip seal approximately 4 miles of roads before moving on to the next project. Development: Mr Steiber plans to put the number of permits issued on a graph to show how things are progressing over a couple of months. One (1) new home per day on average is built in Grimes County. Weekly training for flood plain and infrastructure regulations on Tuesday at 1:00 pm for 30 minutes in the Road Dept conference room. All realtors, financial persons, and developers. Anyone that wants to attend. Judge Fauth asked whose flood plain maps the County is using and when they were updated. Mr Steiber stated that the FEMA Engineering Based flood maps are more accurate. The maps they adopted in

January were received August of 2025. School Zone signs have been put up in Richards.

17. Discussion and possible action to approve temp-to-hire staffing contracts with Memco Staffing and Ameritech Staffing, Inc. and approve transfer of funds.

Grimes County Engineer Jon Steiber: In trying to get some of the open positions filled, the trend is to post on the website or in the Examiner and also posted on Indeed a couple of times. Once you get qualified applicants, half of them will come in to interview and the other half will agree to come to work for the pay. Wanting to target the construction industry who may not realize the type of work the County does to be able to work locally. The way it works with the Temp Company, you hire an individual. We pay the company and not the temp. It will be a higher hourly rate, to the company, but you are not paying the load, and insurance rates. It is Mr Steiber's recommendation to hold on Memco Staffing due to wanting to revise the contract. He does, however, recommend moving forward with Ameritech Staffing. Mr Steiber asked that funds be transferred from unpaid salaries. Judge Fauth asked if these were mainly light equipment positions? Mr Steiber stated light equipment, operators and CDL drivers.

Motion by Chad Mallett to Approve a Temp to hire staffing contract with **Ameritech Staffing, Inc** and allow the County Auditor to make the necessary changes. Seconded by Michael Raska.

**Motion Passed**

18. Discuss and take action to approve or deny a waiver valuation policy in support of property acquisitions for the CR 409/Pinebrook GLO MIT-MOD grant.

Grimes County Engineer Jon Steiber: Kevin Pell from Grantworks, who is our grant administrator for this grant, to speak on how to get this County project moving again. Waiver Valuation Policy that is needed from the previous April 1st Court agenda, with the help of the County Attorney, Mr. Steiber has revised some of the language. Mr Pell wanted to appear before Court in case there were questions or concerns regarding the policy. It is specific to general land office grants that waiver valuations are required for and specific to that purpose. It is not broadly for any acquisition that the County does or any acquisitions on GLO projects that would require full appraisal. It is specific to this process when the evaluation falls under \$15,000. From the GLO's implementation manual, it lays out the process that the County follows to conduct these waiver valuation forms and gives the County Judge the authorization to sign off on the waiver valuation forms. This is the next step required in the acquisition process. Once these forms are signed, they will move forward with the offer packets to be sent out, in accordance with the HUD regulations, to the property owners. Precinct 2 Commissioner David Tullos wanted to thank Mr Pell, Mr Steiber and the County Attorney, Megan Barcak, for taking the time to finesse the document to make it more acceptable to Commissioners Court. Mr Tullos read directly from the document what he believes is the key phrase. Grimes County Commissioners Court reserves the right under local Government Code 261 to not pursue involuntary acquisition and to cease negotiations at any time during the appraisal or acquisition process. Mr Tullos states the reason that it is of value is that in local Government Code Section 261 it specifically assigns the authority to the Commissioners Court, wherein the Statute reads: The condemnation proceeding must be instituted in the name of the county and under the direction of Commissioners Court.

Motion by David Tullos to Approve a waiver valuation policy in support of property acquisitions for the CR 409/Pinebrook GLO MIT-MOD grant. Seconded by Phillip Cox.

19. Discuss and take action to terminate the CDV23-0382 Brosig Avenue Bridge project grant, de-obligate all funds, and authorize a refund of \$21,250 to the Texas Department of Agriculture.

Grimes County Engineer Jon Steiber: Design of the project, construction plans have been completed. The County went out for bids on the project and the bids came back high enough that the County would be looking to spend an additional \$700,000 to \$1,000,000 after change orders. Mr Steiber does not recommend to the Court to distribute our resources. Discussions with the City of Navasota, they are on board with

terminating the project. The construction drawings will be handed over to them and are welcome to build the project or bid it on their own. A refund will need to be issued to the TDA (Texas Department of Agriculture) in the amount of \$21,250. Mr Steiber stated he would ask County Auditor Jessi Murphy to explain the matter of \$85,000. Ms Murphy stated the County has expended a total of approximately \$85,000. The actual reimbursement to TDA would be \$21,205. Because the Court approved this grant had a match and last year the Court approved a transfer of funds of \$154,000 into this grant fund, the County can use the funds to cover the expenses of the \$84,000. The remainder will be transferred back to fund 20 with the Courts permission. Motion by David Tullos to Approve to terminate the CDV23-0382 Brosig Avenue Bridge project grant, and authorize the County Auditor to make the necessary changes. Seconded by Michael Raska. Before the vote, Precinct 4 Commissioner Cox asked if the funds could be earmarked for Navasota since the bridge project is being withdrawn. Ms Murphy stated that would be a decision for the Court. Mr Steiber requested that he and the Auditor have a discussion concerning this and come back to Court with a recommendation.

20. Discuss and take action to approve budget transfers in support of Road Department Field Operations restructuring.

Grimes County Engineer Jon Steiber: North area superintendent retired. The role of the area superintendent and all responsibilities is very difficult for one person to do it to the level of efficiency that is needed. Transitioning from the north and the south structure to a construction team and a maintenance team. The construction team will work on large projects, chip sealing, paving projects, some bridge projects and large drainage projects. A construction superintendent and an assistant superintendent in charge of that team. The maintenance team is focusing on continuing to get maintenance efficiency under control. That team is led by a superintendent and an assistant superintendent. The main goal is for these leaders to focus on the work and not the administrative issues that occur. The 2 mechanics in the north and south barn will transition into fleet and facilities coordinators. Their responsibilities will be the site and the vehicles. Everything from repairs to cleanliness of vehicles. No positions are being reduced with this new structure, but adding one additional operator to the team the way it is structured. Mr Steiber is asking for budget transfers in support of the restructuring of these positions. Judge Fauth asked if Mr Steiber sees any problems with the 2 teams working together, as they may have to help out one another. He also asked if Mr Steiber had done weekly or daily reviews. Mr Steiber stated multiple times per day. Precinct 2 Commissioner Tullos asked if this would change how personnel would be officed. Mr Steiber stated they are setting up 3 joint offices. Mr Tullos asked if decisions had been made on who would be the construction superintendent. Mr Steiber stated, yes, that they have already begun operations. Mr Tullos asked if he would announce publicly who it is. Mr Steiber said he would rather not.

Motion by David Tullos to Approve budget transfers in support of Road Department Field Operations restructuring and authorize the County Auditor and HR to make the necessary changes. Seconded by Phillip Cox.

#### **Grimes County Auditor - Jessi Murphy (DT/JF)**

21. Consider and take action to approve conference meal reimbursement.

Grimes County Auditor Jessi Murphy: The Auditors office attended a conference in College Station in April and is asking the Court to give her department the same consideration as given to other departments and approve reimbursement of meals. Travel was within 30 miles.

Motion by Phillip Cox to Approve conference meal reimbursement. Seconded by Michael Raska.

22. Discuss and take action regarding the Credit Card Policy as it relates to the Historical Commission and Child Welfare Board.

Grimes County Auditor Jessi Murphy: Current policy states that only County employees can be issued credit cards, but given that both the Historical Commission and Child Welfare Boards operate under the direction of the Court, Ms Murphy is asking for guidance from Court for the use of county credit card for board-related expenses. Judge Fauth asked if there is a credit limit imposed on the credit cards. Ms Murphy stated the answer would come from the Treasurers Office as she is not sure how the cards are set up. The Judge states he brings the matter up because they are not county employees, although they represent the county. Ms Murphy offered 2 solutions: The Court could make an exception or create/change a policy on board members and require that an employee or a Commissioner be a board member. Commissioner Cox stated he is the liaison to the Child Welfare Board. The current resident of the board was a county employee but is no longer employed by the county. Judge Fauth asked Commissioner Tullos, the liaison to the Historical Commission, his thoughts on issuing credit cards. Mr Tullos stated that Mary Ann Waters, who is a county employee, is on the board. Mr Tullos also stated that he is not opposed to amending the appointment policy to include a county employee or Commissioners Court member on any of the boards that are representations of the county. Ms Murphy received confirmation from the Treasurer's office that limits can be put on the credit cards.

Motion by Phillip Cox to Approve to make an exception to the credit card policy for the Historical Commission and Child Welfare Board in the event the board member assigned a credit card is not an employee that they will still be allowed to retain and be subject to all the policies of the county. Seconded by David Tullos.

Before the vote, County Attorney Megan Barcak stated that this be very limited, and they would be required to sign the same agreement everyone else has to sign. Also, for the Court to put this back on a future agenda for further review to consider the option of requiring an employee to be on the boards going forward, because this is someone the county basically has no control over as they are a citizen and not an employee. There is no obligation to not be a bad actor and the county would have to pursue civil charges.

**Amended Motion** by Phillip Cox to Approve to make an exception to the credit card policy for the Historical Commission and Child Welfare Board in the event the board member assigned a credit card is not an employee that they will still be allowed to retain and be subject to all the policies of the county. Also, to include the recommendations of the County Attorney that the credit card use be very limited, they must sign the same agreement everyone else has to sign and for the Court to put this back on a future agenda for further review to consider the option of requiring an employee to be on the boards going forward. Seconded by David Tullos.

23. Consider and take action on Voices for Children payment in support of local families at Resource Day submitted by the Child Welfare Board.

Grimes County Auditor Jessi Murphy: The Child Welfare Board has requested a \$200 payment to Voices for Children. Ms Murphy is asking for approval from Commissioners Court. It is to support local families and if the Court finds this serves a public purpose, she will move forward.

Motion by Phillip Cox to Approve payment for Voices for Children to support local families submitted by the Child Welfare Board . Seconded by David Tullos.

**Grimes County Judge - Joe Fauth III**

24. Discuss and take action to approve Grimes County's appointed members to the Homeland Security Advisory Committee.

Grimes County Judge Joe Fauth III: This was sent to Judge Fauth from BVCOG. The attendance are as follows: Commissioner David Tullos 3/9, Dione Bumpous 8/9, Jason Katkoski 4/9, Katherine Dornak 3/9 she is a retired employee and being removed from the list. Martha Smith 7/9, Neil Windom 3/9, Sinda Phelps 0/9, and Ryan Rutledge 4/9. The Judge talked with Ms Phelps, and she wants to remain on the board and will start attending meetings. The Judge also stated that there is the option to attend these meetings via Zoom. Commissioner David Tullos states that the attendance records are not accurate. He believes there is a failure to capture the attendance via Zoom. He also stated that Ms Phelps has attended via Zoom. Commissioner Cox asked if there is a need to replace Ms Lee (Dornak). Commissioner Mallett suggested the replacement come from 911 addressing dept. Commissioner Cox suggested Constable Ellis from Pct 1. This item will be put on the next agenda. No action

25. Consider and take action regarding the Burn Ban and authorize the County Judge as signatory. *(Not currently under a burn ban order.)*

Grimes County Judge Joe Fauth III: Currently not under a Burn Ban. The recommendation is to continue that status. No action.

#### **Grimes County Human Resources Director - Atina Adair (MR)**

26. Consider and take action on employment status of a county employee. *It is expected that the Court will convene a closed or executive session pursuant to Texas Government Code §551.074 (deliberate the appointment, employment, evaluation, reassignment, duties, discipline, or dismissal of a public officer or employee).*

Grimes County Human Resource Director Atina Adair: Judge Fauth asked Ms Adair to place her agenda item after item #27

*It is expected that the Court will convene a closed or executive session pursuant to Texas Government Code §551.074 (deliberate the appointment, employment, evaluation, reassignment, duties, discipline, or dismissal of a public officer or employee)*

County Judge Joe Fauth III stated the situation self resolved. No action was taken and have left County policy static and as is.

#### **Grimes County Attorney - Megan Barcak**

27. EXECUTIVE SESSION: the Commissioners Court will meet in a closed/executive session pursuant to Section 551.087 of the Texas Government Code to discuss or deliberate regarding commercial or financial information that the Commissioners Court has received from Space Exploration Technologies Corp. The Commissioners Court is conducting economic development negotiations and will deliberate an offer of financial or other incentive to the business prospect of a multi-phase, next-generation, vertically integrated semiconductor manufacturing and advanced computing fabrication facility, proposed to be located at the Gibbons Creek Reservoir and surrounding areas.

*Grimes County Attorney Megan Barcak: EXECUTIVE SESSION: The Commissioners Court will meet in a closed/executive session pursuant to Section 551.087 of the Texas Government Code to discuss or deliberate regarding commercial or financial information that the Commissioners Court has received from Space Exploration Technologies Corp. The Commissioners Court is conducting economic development negotiations and will deliberate an offer of financial or other incentive to the business prospect of a multi-phase, next-generation, vertically integrated semiconductor manufacturing and advanced computing fabrication facility, proposed to be located at the Gibbons Creek Reservoir and surrounding areas.*

*Court convened at 10:10 am*

*Court re-convened at 12:06 pm*

County Judge Joe Fauth III stated there was discussion with inside counsel and outside counsel. The only action taken was to tell outside counsel to go back and talk to Space Ex counsel and will wait on information. To those that might be listening, there was a decision based on our conversation that there will be a Special Meeting next Wednesday, May 27, 2026 at 9:00 am in Commissioners Courtroom. Not on the calendar at this moment but will be posted in accordance with Statute.
