Presentation of Employee Service Awards.

11. Consider and recognize the following employees for their years of service:

15 YEARS

Barbara Kimich

County Judge Joe Fauth III presented 15 year Service Award to Barbara Kimich.

Presentation of Monthly Departmental Reports:

12. Human Resources, IT, Elections
Grimes County Human Resource Director Atina Adair: Open Enrollment will begin on Wednesday, July 22nd. at 7:00 am, located in the Commissioners Courtroom. All vendors will be present to discuss all benefits they have to offer. Employees do not have to make an election on that day. Employees will have the 22nd to make an election or they have until July 29th by 2:00 pm in person in the HR Office to let HR know how they want to move forward with their benefits. Current vacancies in the county: Jobs are being sourced thru current Job Boards such as Work in [Texas.com](https://www.texas.com) which is through Texas Workforce, Ameritech Temp Agency using for Road Department. In the Sheriff's office there are 4 patrol positions vacant, 2 Jailers and 1 Dispatcher. Road Dept needs 2 light equipment operators. Solid waste needs 1 part time dump site attendant. Auditors office has an Assistant Auditor 1 position. Maintenance has a full time position with the facilities maintenance crew.
Grimes County IT Director Gregg Cannon: Systems have been up 99.8%. No cybersecurity incidents and no

major outages. Approximately 26,000 phishing attempts with zero successful. 95% patch compliant. One backup system that is not operating in a timely fashion. Working with the Engineers of the company to try to resolve the issue. Storage capacity is still growing. Currently at 71.5%. The system in the elevator at the Historical Courthouse is being updated. The company that is installing the new system upgrade inadvertently cut the video camera feed for that elevator and are in the process of repairing it. The new phone system in the elevator has been tested. There is new regulations for ADA compliance that the phone has to be able to call and visually see that the call was made. By pressing a button, it will automatically dial out to 911 Dispatch. Help desk received 182 tickets and closed 173. IT is working with Dept heads to make sure they have everything for upcoming budget hearings. New AI training course that will be part of the grant process, notifications will be going out. Judge Fauth wanted to re-visit the storage capacity issue. The Judge asked if there was a report that could be run to identify duplicate items. Mr Cannon stated that some reports have identified 200,000 duplicates. IT is looking into storing data on tape as opposed to cloud or disc. Precinct 1 Commissioner Mallett asked if there are best practices or procedures to ensure the user does not have duplicates. Mr Cannon stated there are things that can be done like setting quotas for departments allotting so much storage and if the exceed that amount, it will not allow them to file save. Mr Cannon stated that the Sheriff's office and the DA's office are doing a good job of managing files to alleviate duplicates.

Grimes County Elections Administrator Rachel Walker: 21,810 Registered Voters, 314 DPS Applications, 137 mail in applications, 5 walk in applications, 11 Applications Ballot by mail-RCVD, 5 Applications Ballot by mail-mailed, 44 Notice of Address confirmations, 5 Notice of Examination, 28 Notice of Incomplete, 4 Notice of Cancellation, 2 Notice of Rejection, 11 Address Confirmation Responses, 2 Examination Responses, 7 Undeliverable by Post Office, 1 VR Card Undeliverable by Post Office, 4 Jury Reports, 11 Death Abstracts Reports, 80 Statements of Residence, 2 Open Records Requests, 26 Total Certified VDR's. Another issue with TEAM related to voter registration processing. The system was unable to properly match DPS applications to already existing registered voters which could result in duplicate records. Additionally some DPS applications imported into the system were missing signatures or dates. For applications transferred from another county, staff had to contact the previous county to request the most recent signature on file. All of this resulted in time consuming work-arounds. In May and June the Elections office completed post-election work for the May 2nd City and School Election, administered the May 26th run-off election, completed required audits, prepared FY 27 budget, monitored Legislative activity related to election charges, advanced courthouse event scheduling procedures, prepared a voter registration outreach event, attended State training related to SB 2753 implementation and Risk-Limiting Audits. May 2nd election produced and distributed the Official Election Results for all 4 local entities and completing the Post Election Hand Count Audit (PEHCA). This covered the entire May 2nd election including all races and all polling locations. Staff hand counted all 925 ballots cast. The PEHCA results reflected that hand-count totals matched the electronically tabulate totals for the audited ballot groups shown. May 26th Primary Runoff Election. Staffed the election with 52 election workers covering 135 shifts. Operated 9 total polling locations including 2 early voting. Maintained polls open for a cumulative total of 72 hours. Recorded 3,484 voters participating for 16.08% overall turnout, 3,202 Republican voters representing 14.78% turnout, 264 Democratic voters representing 1.22% turnout. 3,466 ballots counted. Rejected 18 ballots including 15 ballot by mail and 3 provisional with an overall rejection rate of 0.52% of ballots cast. Used 3 counting teams with 6 staff members to complete the required post-election hand count audit. The Republican races audited were US Senator, Attorney General and County Commissioner Pct 2. The Democratic races audited were Lieutenant Governor, Attorney General, and Justice 14th Court of Appeals District Place 7. The PEHCA results reflected that the hand count totals matched electronically totals for the audited races and ballot groups. Administrative and operational work as follows: Prepared FY 27 budget. Prepared the system to handle scheduling Courthouse events and distributed to eligible parties. Legislative monitoring and training as follows: Monitored developments by watching interim hearings held by the House Elections Committee and the Senate State Affairs Committee. Attended a two-day Secretary of State regional training. Received additional information related to HB 2753 implementation. Participated in an exercise to prepare for th Risk-Limiting Audit scheduled after the November election, which will be the first time this audit has been conducted statewide.

Presentation of Monthly Commissioners Court Liaison Reports:

13. County Judge: Maintenance, HR, IT, Emergency Management, Road Department, Veterans Services,

Elections, Navasota Grimes County Chamber of Commerce;

Commissioner Pct. 2: Animal Shelter, Historical Commission, Navasota Grimes County Chamber of Commerce, Bluebonnet Groundwater Conservation District Board;

The RTU above the kitchen at the jail replaced. Expecting to have the chiller back up and running next week at the Justice Center. The part ordered back in January has finally been received. The building has been running at 50% for 6 months. The Fairgrounds hosted a youth cattle camp which introduced young showman how to show cattle. Mr Floyd spoke with the road engineer about the RFQ's for the jail. The road engineer stated he sent out an RFQ earlier in the year to get a list of approved engineers, so with the Courts permission would not like to have to spend the money to put it into the paper along with other postings since it was done previously for engineering services. The request is to modify the direction of the Court previously to go out for an RFQ and just use the existing RFQ of approved engineers that we can use. Juge Fauth asked the County Attorney if that meets with her approval. She answered yes.

Motion by Phillip Cox to Approve to use the existing RFQ of approved engineers. Seconded by Michael Raska.

Precinct 2 Commissioner Tullos has further discussion. Mr Tullos asked when the County Road Engineer got his RFQ was it pertaining to engineering services relative to road and bridge projects or just a general request for engineering? Would it have excluded engineering firms that might be specifically dedicated toward facility construction?

Grimes County Judge - Joe Fauth III

15. Consider and take action regarding the Burn Ban and authorize the County Judge as signatory. *(Not currently under a burn ban order.)*
Grimes County Judge Joe Fauth III: Not currently under a Burn Ban. No action taken.

Grimes County Engineer - Jon Steiber (CM/MR)

16. Discuss and take action to approve or deny a request for variance from the developer of Traditions RV Park in Precinct 1.

Grimes County Engineer Jon Steiber: Traditons RV Park is requesting a variance from the minimum detention criteria issued. There have been 5 or 6 issued and this variance is consistent with all that have been issued so far. All models have been reviewed by the Consultant and there are no adverse impacts with this development. Judge Fauth asked Precinct Commissioner Chad Mallett if he had any issues with the request. Mr Mallett stated that he did not have a problem and discussions have taken place to modify the regulations for these type of situations. Possibly change the language so future developers will not have to go before the court for a variance as long as they meet the engineering guidelines.

Motion by Chad Mallett to Approve a request for variance from the developer of Traditions RV Park in Precinct 1. Seconded by Michael Raska.

17. Discuss and take action to authorize tire disposal fees at solid waste disposal site
Grimes County Engineer Jon Steiber: Wanting to place a tire trailer at the Stoneham disposal site. Mr Steiber is asking the Court to approve the fees. Limit 4 tires per trip. Up to 24.5 in diameter \$3.00 ea and over 24.5 \$10.00 per tire. The fees should offset the \$1600.00 cost of the trailer. Testing this in Stoneham for possibly adding to other sites. The tire trailer is dropped off, picked up and disposed of by a company called Reliable Tire.
Motion by David Tullos to Approve and authorize tire disposal fees at solid waste disposal site.. Seconded by Phillip Cox.
