5 Public Comments

Marie Egyed, representing Grimes County citizens for responsible development from Iola, thanked the court for listening to concerns presented on August 5 and noted two petitions with almost 700 and 900 signatures respectively requesting better communication and specific protections for Grimes County. She stated that despite the judge's draft resolution being tabled twice to incorporate public input, the county still lacks concrete measurable protections nearly two months after the resolution was first presented, and asked the court to complete the resolution with the same urgency shown in passing the tariff fab deal and bring it back for a vote.

Debra Morwood thanked development services for providing a spreadsheet of submitted projects but noted that residents continue to observe construction and development activity not reflected on that spreadsheet, creating uncertainty and stress. She requested that the county improve direct communication with residents by answering reasonable questions without requiring lengthy attorney general processes, stating that residents need to know what is coming and what protections are in place to make informed decisions about their property and futures.

The judge uses his own time for a community announcement: the Navasota / Grimes County Chamber of Commerce is holding a "Taste of Grimes County" at the Expo Center Thursday evening. Doors 5:00, no later than 5:30, running to roughly 7:30 or 8:00 or until the food runs out. Entry is \$25, a number of area restaurants and food establishments are participating, and the chamber makes charitable contributions from the entry proceeds.

The first transfer involved increasing the county attorney budget from \$5,300 to \$700, with the additional funds coming from contingency. The second transfer affected IT account allocations and was more complex, involving account number 104234420, which would be reduced by \$5,000, account 104234507, which would be reduced by \$5,000, and account 104234426, which would be increased by \$10,000. County Judge Joe Fauth confirmed the changes presented by County Auditor Jessi Murphy and opened the item for action.

7 Presentation of Monthly Departmental Reports

7 Human Resources, IT, Elections — Human Resources, IT, Elections

Human Resource Director Atina Adair reported on current staffing vacancies across county departments. The sheriff's office has four patrol vacancies, one jailer position with a candidate processing to start Monday, one dispatcher vacancy, and a vacant jail administrator position. Road and Bridge is fully staffed with four positions filled through the Ameritech temp agency that are performing well, with at least one expected to transition to permanent full-time status within weeks. County Judge Joe Fauth inquired whether the temporary employees would remain after their assignments concluded, and Director Adair confirmed positive feedback from the road department regarding their performance and attendance. She noted visiting the department several times weekly and observing strong engagement from the workforce. The auditor's office has one assistant auditor position available, with several interviews completed and second-round interviews planned within the week. IT Director Gregg Cannon then provided an extensive technology report, noting an increasing number of cyberattacks against the county network, particularly AI-driven attacks that exploit security vulnerabilities within seconds of disclosure. He reported assigning staff to conduct monthly penetration testing rather than annually, which has already identified and corrected security flaws. The past month marked the first time in several months with 100 percent uptime and no cybersecurity incidents, with the network blocking approximately 19,000 emails. Infrastructure health remains strong at 99 percent uptime, though storage utilization has crept to 73.1 percent capacity. County Judge Fauth confirmed that budget provisions exist for additional storage capacity to prevent performance degradation.

Regarding ambulance services, Commissioner Cox relayed that he had spoken with Billy Rice that morning and confirmed that Grimes County maintains a beneficial relationship with Saint Joseph Hospital, which has reallocated an ambulance from College Station to the northern part of the county to address resource needs. He also noted that Saint Joseph has purchased a state-of-the-art Tahoe for the Grimes County supervisor, demonstrating their investment in the county. County Judge Joe Fauth added that he had submitted an application for House Bill 3000 funding, a state grant worth three hundred fifty thousand dollars toward the purchase of a new ambulance, and had received acknowledgment from the comptroller's office that the application was received, though final approval was pending.

9 Texas A&M AgriLife Extension Agents

9 Quarterly Interpretation. — Texas A&M AgriLife Extension Agents

AgriLife Matt Pfeifer provided a comprehensive update on agricultural and natural resource programming in Grimes County. He reported on recent workshops, including a feral hog workshop hosted in partnership with Madison County that drew fifteen participants and seven volunteers, and a small ruminant educational program covering parasite management and screwworm concerns. Looking ahead, AgriLife agents from eighteen counties across District 9 will visit Grimes County on September 16 and 17 for professional development tours showcasing local agricultural production. The new program year began September 1, with plans to continue the South Central Texas new landowner program for individuals who have inherited or purchased property, and to host a cow-calf clinic in October focused on beef cattle production. Master gardeners demonstrated strong activity during the past program year, hosting 48 educational events with over 1,100 attendees and contributing more than 2,000 volunteer hours. On the youth side, AgriLife sent six Grimes County 4-H members to Texas 4-H Congress, a mock legislative event where participants take on roles as elected officials and submit bills to gain firsthand experience with the legislative process at the state capital. The fairgrounds and expo received recognition with a Friend of 4-H award for their support of programming. Additionally, Matt Pfeifer briefly noted ongoing programming in health, wellness, nutrition, car seat inspections, and community outreach, including a back-to-school event that distributed over 900 backpacks to Grimes County students.

10 Grimes County Historical Commission Chairman - Kathy Cave Wells (DT)

- 10 Discuss and take action to authorize the historical commission to act on paying a tree service to work on the trees and crepe myrtles in Historic Anderson Heritage Park. — Kathy Cave Wells, Grimes County Historical Commission**

Historical Commission Chairman Kathy Wells reported that the Grimes County Historical Commission is undertaking improvements to the park and its buildings, with funds allocated in their budget. She requested approval for tree trimming and removal services at the park, noting that the trees and crepe myrtles have not been maintained and require work to promote growth, ensure safety, and enhance the aesthetic appearance of the grounds. Two bids were solicited, with Land and Tree Service submitting the lower bid at \$2,520. County Judge Joe Fauth noted that authorization should be granted for his office to make necessary changes. Commissioner David Tullos observed that the tree trimming work had already begun, and Historical Commission Chairman Kathy Wells explained that she had instructed the contractor to proceed before obtaining a purchase order, with funds to be moved from the purchase of building account.

Action: Motion by Commissioner David Tullos to Authorize the Historical Commission to pay Land and Tree Service \$2,520 for tree trimming and removal service at Historic Anderson Heritage Park and authorize the Auditors office to make the necessary budget changes. Seconded by Commissioner Phillip Cox. Carried.

11 Discuss and take action to authorize the historical commission to act on hiring a foundation company to do foundation and construction work on the Steinhagen Museum in Historic Anderson Heritage Park. — Kathy Cave Wells, Grimes County Historical Commission

Historical Commission Chairman Kathy Wells reported that the Steinhagen Museum, located at the corner of Apollonia and College, requires foundation repair and replacement of rotten boards before any other work can proceed. The commission received two bids and recommended Texas Construction House Leveling Foundation Services at the lower bid of \$8,500. Chairman Wells indicated the work may begin before the end of September but likely will not be completed until after that date, with invoicing to follow. County Auditor Jessi Murphy requested clarification on the timeline and recommended moving funds in the current year budget while also ensuring next year's budget includes funds in case the project extends beyond the fiscal year, noting the work would be classified as a capital improvement rather than a building purchase.

Action: Motion by Commissioner David Tullos to Authorize the Historical Commission to hire Texas Construction House Leveling Foundation Services for \$8,500 for foundation and construction work on the Steinhagen Museum and authorize the County Auditor to make the necessary changes. Seconded by Commissioner Phillip Cox. Carried.

12 Discuss and take action to authorize the historical commission to accept a live oak tree donation to be planted in Historic Anderson Heritage Park to commemorate the Liberty Tree where American Revolution Patriots planned and organized for the cause of freedom from tyranny. — Kathy Cave Wells, Grimes County Historical Commission

Historical Commission Chairman Kathy Wells presented a request for the historical commission to accept a live oak tree donation from Williamson Tree Farm in Plantersville. The donation is intended to commemorate the Liberty Tree as part of the Grimes County Historical Commission's America 250 celebration. Wells explained that the original Liberty Tree stood in Boston near the Boston Common and became a rallying point for colonial resistance to British rule after patriots staged an act of defiance there in 1765. The tree was later felled by a loyalist in August 1775. The donated live oak will be planted in Historic Anderson Heritage Park in late summer or early fall, with the tree company handling the planting.

Action: Motion by Commissioner David Tullos to Authorize the Historical Commission to accept a live oak tree donation from Williamson Tree Farm to be planted in Historic Anderson Heritage Park to commemorate the Liberty Tree. Seconded by Commissioner

Phillip Cox. Carried.

13 Discuss and take action to authorize the historical commission to act on having a water tap added to the Historic Anderson Heritage Park. — Kathy Cave Wells, Grimes County Historical Commission

Historical Commission Chairman Kathy Wells presented a request for approval to add a water tap to the Anderson water system at the Historic Anderson Heritage Park. The tap would allow installation of a spigot for watering a tree being donated to the park and to accommodate future plumbing and water needs. The estimated cost for the installation, including the water meter, is \$1,250, and the Historical Commission has confirmed that no water tap currently exists on-site. The tap would connect to the Anderson Water Company. County Auditor Jessi Murphy requested that the auditor's office be authorized to transfer necessary funds to cover the expense. County Judge Joe Fauth raised the question of funding for ongoing water utilities, which Historical Commission Chairman Kathy Wells indicated would be addressed during the fiscal year 2027 budget discussion later in the meeting.

Action: Motion by Commissioner David Tullos to Authorize the Historical Commission to have a water tap added to Historic Anderson Heritage Park at a cost of \$1,250 and authorize the County Auditor to make the necessary budget changes. Seconded by Commissioner Phillip Cox. Carried.

11 Grimes County Sheriff's Office - Chief Deputy Martha Smith (JF)

14 Discuss and take action to approve the SRO contracts for the upcoming 2026 - 2027 school year. — Martha Smith, Grimes County Sheriff's Office

Chief Deputy Martha Smith reported that the Sheriff's Office received four SRO contracts from Navasota, Aula, Richards, and Anderson for the 2026–2027 school year. The primary change this year was the addition of a third SRO for Anderson, funded for approximately two to three months through the end of the fiscal year, with costs split between the school's budget and the county's budget. County Judge Joe Fauth confirmed that County Attorney Megan Barcak had reviewed and approved the contracts.

Action: Motion by Commissioner Michael Raska to Approve the SRO contracts for the 2026–2027 school year with Navasota, Iola, Richards, and Anderson school districts. Seconded by Commissioner Phillip Cox. Carried.

15 Discuss and take action to provide requested additional funds to the Grimes County Jail to cover Inmate Food and Inmate Medical expenses resulting from a projected shortfall in the FY 2026 budget. — Martha Smith, Grimes County Sheriff's Office

Chief Deputy Martha Smith and Michelle Weaks presented the Grimes County Jail's request for additional funding to cover projected shortfalls in inmate food and medical expenses for the remainder of the fiscal year. Michelle Weaks explained that the jail had originally budgeted for between ninety and ninety-three inmates but was currently housing nearly 100 or more, with the population at 103 that week, necessitating an additional \$20,000 for inmate food. She further detailed that professional services through the Southern Health Partners contract, which covers prescriptions and over-the-counter items, had a \$12,000 monthly cap, and clarified a budgeting misunderstanding regarding how those costs were calculated. For inmate medical expenses, an additional \$20,000 was requested due to exceptionally high medical bills, including one inmate

with over one million dollars in projected costs. The total requested additional funding was \$65,000. County Judge Joe Fauth asked how such a significant shortfall had occurred, and Commissioner David Tullos sought clarification on the professional services explanation. County Auditor Jessi Murphy recommended transferring funds from salary line item 4.51, which had sufficient available funds to cover the entire \$65,000 deficit while still leaving resources for the remainder of the year. The matter was discussed at length, with commissioners and the judge questioning whether corrective measures had been implemented in the current year's budget to prevent similar shortfalls.

Action: Motion by County Judge Joe Fauth to Transfer funds from sheriff's office salary line 451 to cover the \$65,000 projected shortfall in inmate food, professional services, and inmate medical expenses through end of FY 2026 and authorize the auditor to make the necessary changes. Seconded by Commissioner Phillip Cox. Carried.

12 Grimes County Human Resources Director - Atina Adair (JF)

16 Discuss, consider and take action on personnel matters for new Grimes County Sheriff's Office employee. — Atina Adair, Grimes County Human Resources

County Judge Joe Fauth indicated that the Commissioners Court would conduct a closed session pursuant to Texas Government Code section 551.074 to discuss personnel matters for a new Grimes County Sheriff's Office employee. Chief Deputy Martha Smith, the sheriff, County Attorney Megan Barcak, County Auditor Jessi Murphy, and the county clerk were asked to remain, while other attendees were excused from the courtroom. The closed session began and reconvened in open session at 10:20 a.m. County Judge Joe Fauth reported that no decisions were made during executive session, but discussion occurred regarding employee placement in the county sheriff's office. County Judge Joe Fauth proposed adjusting position 14-09 from one position to two positions with a stipend allocated per pay period until certification was received by the acting individual. County Auditor Jessi Murphy requested that the motion be amended to move the compensation to match step one of the position's grade rather than specifying a particular dollar amount. County Judge Joe Fauth accepted the amendment to the proposal.

Action: Motion to Approve personnel action for new Grimes County Sheriff's Office employee: change position 1409 count from one to two, bring new employee up to grade one step one pay rate, and authorize the County Auditor to make the necessary financial adjustments.

13 Grimes County Judge - Joe Fauth III

17 Consider and take action regarding the Burn Ban and authorize the County Judge as signatory. — Joe Fauth III

Current Burn Ban ordered August 19, 2026, expiring November 17, 2026.

County Judge Joe Fauth reported that the current burn ban, ordered August 19, 2026, and expiring November 17, 2026, should remain in place. He noted that despite recent rainfall at his residence, the precipitation was insufficient to warrant lifting the ban, and he recommended its continuation. County Judge Joe Fauth requested consensus from the court on maintaining the burn ban.

Action: No action.

18 Discuss and take action to donate money from funds received from Unclaimed Capital Credits for Counties pursuant to Texas Local Government Code Section 381.004, e & f. — Joe Fauth III

County Judge Joe Fauth explained that the county had received funds from unclaimed capital

credits for counties pursuant to Texas Local Government Code Section 381.004(e) and (f), and asked County Auditor Jessi Murphy to clarify the intended use of such funds. County Judge Joe Fauth recalled that in the past the commissioner's court had allocated these funds to Scotty's House, a tax-exempt charitable organization the county had previously supported. County Judge Joe Fauth noted that the state requests an application for these uncollected funds, and upon acceptance, sends money to the county, though the exact amount was uncertain and County Auditor Jessi Murphy agreed to determine it and report back to County Judge Joe Fauth, who would then notify Scotty's House.

Action: Motion by County Judge Joe Fauth to Donate funds received from unclaimed capital credits for counties pursuant to Texas Local Government Code Section 381.004(e) and (f) to Scottie's House. Seconded by Commissioner Phillip Cox. Carried.

19 Consider and take action to approve the proposed County Holidays for 2027. — Joe Fauth III

County Judge Joe Fauth presented the proposed County Holidays for 2027, noting that he and Sherry had reviewed the list to align the calendar for Fridays, Mondays, and holidays. The proposed holiday schedule would run from January 1, 2027 through December 31, 2027. County Judge Joe Fauth asked whether there were any questions or concerns regarding any of the designated dates. He noted that there had been no additions or deletions from the designated holidays over at least the previous nine years. Hearing no comment from the commissioners, County Judge Joe Fauth called for a motion on the agenda item.

Action: Motion by Commissioner Michael Raska to Approve the proposed County Holidays for 2027 (January 1, 2027 through December 31, 2027). Seconded by Commissioner David Tullos. Carried.

20 Discuss and take action on any issue regarding FY 27 Proposed Budget. — Joe Fauth III

County Judge Joe Fauth initiated discussion of the FY 2027 proposed budget, noting that the court had received a revised budget document and had several days to review it. County Auditor Jessi Murphy presented numerous changes made to the budget since the previous version. She reported updates to deputy constable pay scales to include the minimum brought up to the mid-range, pay scale adjustments for the district attorney's office totaling \$3,000 for step increases, and adjustments for constables ranging from \$1,500 to zero depending on tenure. Murphy noted the addition of an ambulance subsidy, a reduction in patrol positions from four to three with one investigator added at grade one, and a reduction in emergency operations coordinators from three to two. She reported that interest earned revenue was increased to \$1,100,000 and flagged postage budget line 4310 as requiring discussion. County Attorney Megan Barcak clarified that the county was experiencing a significant increase in public information act requests, which involved substantial expenses for attorney general consultations. She explained the need to separate postage expenses for CPS cases from postage used for PIA requests, proposing to reduce the postage line to \$400 while creating a new PIA expenses line budgeted at \$800, representing a net increase of \$400 to her office budget. Barcak reported that PIA requests had grown from approximately 74 at the time of her budget hearing to 110, with more pending, and indicated that many requests required attorney general opinions due to potential liability concerns. Murphy also presented capital projects broken down by department, including \$1,500,000 for justice of the peace construction and \$9,600,000 for jail renovation and construction. She detailed various requested changes to the historical commission budget, reallocating funds among expense lines and increasing amounts for repairs and maintenance, advertising, and water expenses. Murphy reported that the current budget maintained a balanced position while drawing approximately \$11,500,000 from reserves. The discussion at length addressed multiple aspects of

the proposed budget, including revenue projections for justice of the peace and constable fees, with County Judge Fauth noting potential for increased revenue based on recent activity levels and suggesting the auditor conduct a mid-week reassessment of revenue figures. The matter of a development technician position for the road and bridge department emerged as a significant topic, with extensive discussion regarding workload data, development review activity, and staffing needs presented by Patti Ermis, Chief of Staff for the Road Department. Debate also centered on establishing a \$20 per hour minimum wage for county employees and the mechanics of implementing pay increases through cost-of-living adjustments and merit increases, with direction given to the auditor and human resources director to calculate the cost and number of employees who would remain below \$20 per hour after a proposed \$2 cost-of-living adjustment. Discussion of law enforcement pay scales under two proposed options, the sheriff's office preference for option one involving movement of mid-range salary to minimum plus \$4 across-the-board increase, and questions regarding funding sources for district attorney positions concluded the substantive portions of the agenda item.
